

What growth means to you.

Payroll Deduction Programs

National Computerized Agencies (NCA) uses its expertise and proprietary payroll deduction accounting systems in the administration of discounted, employer/association sponsored personal lines insurance programs. NCA is contracted with many of the nation's largest carriers that serve the worksite marketing insurance sector, and is a member of the Independent Insurance Agents Association and the Professional Insurance Agents Association. Our independent status gives our sponsoring organizations the choices and flexibility to provide custom-designed programs to their constituents.

- **All forms of personal lines insurance, voluntary benefits, and financial services products.**
- **Program design, marketing, and administration without any cost to the sponsoring organization.**
- **Payroll or bank account deduction of premiums without any fees or finance charges.**
- **Access to a multi-carrier and multi-product platform through a single program and single payroll deduction slot.**
- **A staff of licensed agents and consultants with professional qualifications.**
- **Employer/Association can participate in reinsurance arrangements through captives.**
